

Thank you for volunteering for one of our programs!!

Every Adult volunteer who will be in contact with one of our youth players is required by KY Youth Soccer to apply for Risk Management qualification upon initial acceptance to a position with a renewal every two years. A nation-wide criminal history background check is performed bi-annually for every Risk Management Applicant.

Below you will find step by step instructions on how to register as a volunteer and complete your risk management:

1. Click [HERE](#) to register as a volunteer in Demosphere for the program you are participating in from the drop down menu. The rest is self explanatory.
2. Once you have registered in the Demosphere system, the Kentucky Youth Soccer Association (KYSA) office will initiate your risk management. Once initiated, you will receive an email that will prompt you to login to the risk management system and complete the process.
3. **If you have not received an email within 5 days, use [this link](#) to login and click the Risk Management tab. Also, please use your email that is used for the Digital Coaching center to register in Demosphere so that the state can pull your coaching license information.**

For visual instructions on the registration process, click [HERE](#).

We are very excited for the upcoming season and the continued growth we are seeing here at SKY. Your job as a volunteer is very important, as you are the reason we can continue to deliver high quality programs to so many youth in our area. Please reach out to your program director if you have any questions regarding the upcoming season! See you at the fields.
